

Major Depressive Disorder: From Neurobiology to Disease Outcomes

4 October 2021
13:00-14:00 CET

LIVE IN LISBON, PORTUGAL
VIRTUAL VIA SIMULCAST

HEAR THE SPEAKERS DISCUSS:

- Neurobiology of major depressive disorder (MDD) including neuronal networks and adaptive signaling
- Heterogeneous nature of MDD and impact of episode duration and early response to treatment on disease course
- Areas of unmet needs in the treatment of depression

There will be a live Q&A following the end of the session.
