

# Invitation to support the ECNP congresses

*Europe's showcase for the future of CNS treatments*

[www.ecnp.eu/congress2022](http://www.ecnp.eu/congress2022)

# About ECNP

 ECNP was founded to help turn discoveries in how the brain works into treatments that improve the lives of people suffering from disorders of the brain.

That bridge between basic science and real-world treatment remains fundamental to the ECNP mission, and is the central organising principle of the ECNP Congress.

Every year the ECNP Congress attracts around 5,000 psychiatrists, neuroscientists, neurologists and psychologists from 100 countries around the world to share the latest developments in human mood, behaviour, cognition and emotion and their application to brain dysfunction.

No other meeting in the world brings together so many brain researchers across such a spectrum of brain research.

It is this breadth, and the reputation for scientific depth and excellence, that has made the ECNP Congress the premier showcase for new research, treatments and technologies in the CNS arena.

# Partnering with industry

The mission of the ECNP Congress is to bring together under one roof all the many pieces that go to make up the CNS treatment puzzle – from the lab all the way to the pharmacy and clinic. Industry therefore plays a critical role.

We have a long history of productive relationships with industry and work hard to ensure our industrial partners have the opportunities and support to achieve their congress objectives.

*“Well organised informative congress allowing significant networking.”*

# Our audience

The ECNP Congress is Europe's leading forum for the exchange and dissemination of research on the brain and disorders of the brain, covering the spectrum of applied and translational neuroscience.

The 5,000 psychiatrists, neuroscientists, neurologists and psychologists, as well as regulatory professionals, industry executives and patient representatives, that the ECNP Congress attracts every year gives it unparalleled scale and reach.

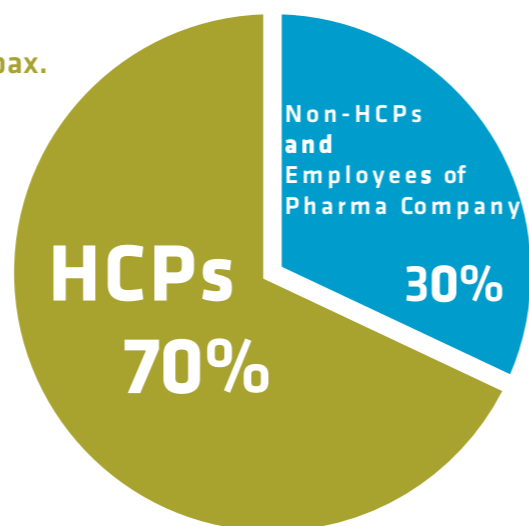

*"An unforgettable event - very good organisation, excellent talks and lectures, interesting posters, variety of possibilities to upgrade one's experience."*

- Access to key opinion leaders
- Excellence of the industry offering
- High quality of the overall congress experience

# What we can do for you

The ECNP Congress offers a host of ways for companies to engage with congress participants at both the scientific and educational levels.

## Anchoring new science

### Industry Satellite Symposia (ISS)

The ECNP Congress satellite programme is Europe's primary platform for presenting new industry science to the European CNS research and clinical communities.

- 90 minutes scientifically oriented sessions
- Scheduled so as not to compete with scientific sessions – to give congress participants the maximum opportunity to attend
- Presented at the congress venue, livestreamed and available on-demand
- Featured in the ECNP app and on the ECNP Congress website
- Charged at a fixed fee of € 60,000\* (excl. VAT), covering all associated costs, including the technical equipment present in the room

## Sharing discoveries

### Industry Mini Session (IMS)

These concentrated sessions offer an authoritative platform for new research and developments, reaching participants.

- 45 minutes scientifically oriented sessions
- Scheduled so as not to compete with scientific sessions – to give congress participants the maximum opportunity to attend
- Presented at the congress venue, livestreamed and available on-demand
- Featured in the ECNP app and on the ECNP Congress website
- Charged at a fixed fee of € 40,000\* (excl. VAT), covering all associated costs, including the technical equipment present in the room

## Engaging with clinicians

### Industry Interactive Discussion (IID)

These interactive sessions offer the opportunity for more focused, scientifically driven engagement with participants.

- 30 minutes interactive sessions for about 60 participants
- Run in parallel with the official ECNP scientific programme
- Presented only at the congress venue
- Featured in the ECNP app and on the ECNP Congress website.
- Charged at a fixed fee of € 20,000\* (excl. VAT).

## Showcasing products and ideas

### Industry Product Theatre (IPT)

A high-value forum for industry partners to engage with participants on a broad range of issues, including new treatment approaches, medical devices, digital apps, the use of specific medications, clinical insights, innovative services and product demonstrations.

- 30 minutes sessions for about 80 participants
- Run in parallel with the official ECNP scientific programme
- Presented at the congress venue, livestreamed and available on-demand
- Featured in the ECNP app and on the ECNP Congress website.
- Charged at a fixed fee of € 25,000\* (excl. VAT).

## Interacting with delegates

### The exhibition

The industrial exhibition, by allowing physicians to gain first-hand access to information and advice, is an integral part of the ECNP Congress's educational purpose

- Coffee and lunch are served in the exhibition area, to facilitate contact between exhibitors and participants.
