## Who we are, what we do

3 December 2025

Independent

Member-led

Pan-European

Scientific association

Connect the brain  
sciences

Stimulate novel  
insights

Facilitate the  
development of

New and better  
treatments

Education

Research

Putting all the pieces together

Outreach

Exchange

# ECNP Congress

More than 7,600  
participants

200 speakers in 90  
sessions

Europe's largest  
showcase of disease-  
oriented brain science

# Meetings

ECNP Workshop on Clinical Research Methods | *December 2025*

ECNP Roadmap Meeting in Precision Psychiatry | *January 2026*

ECNP Workshop on Applied Neuroscience | *March 2026*

New Frontiers Meeting | *March 2026*  
'From plasticity to recovery: how we can change the brain'

# For Early Careers

€ 56 congress  
registration (2025)

€ 56 / 15 membership

Rising Star Award

Excellence Awards

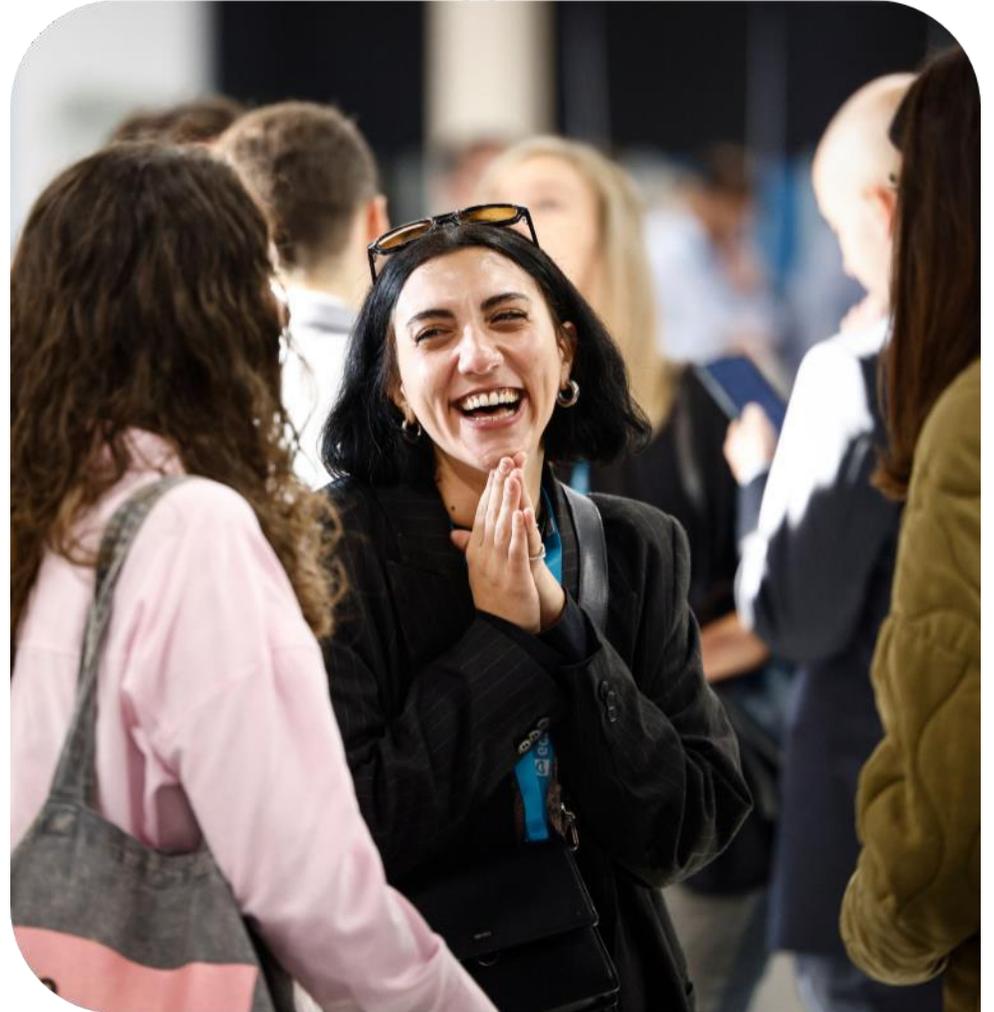

Research Internship

# ECNP Early Career Academy

42 ECA fellows – 100 planned

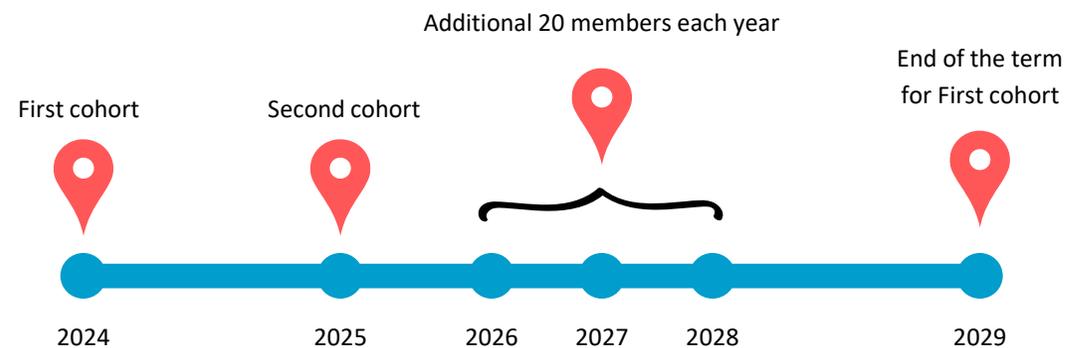

Four interest groups

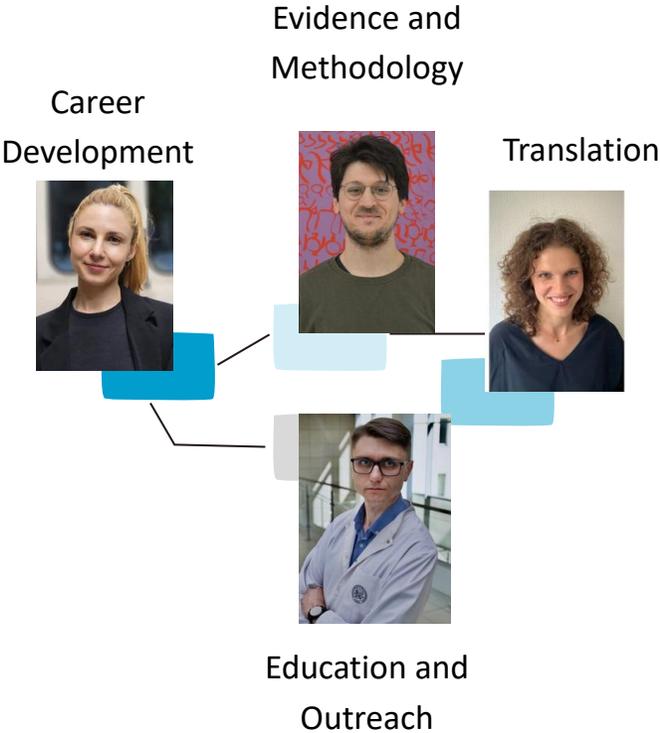

# ECNP Early Career Academy

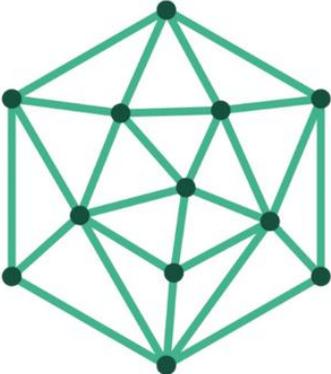

## ECA BOARD

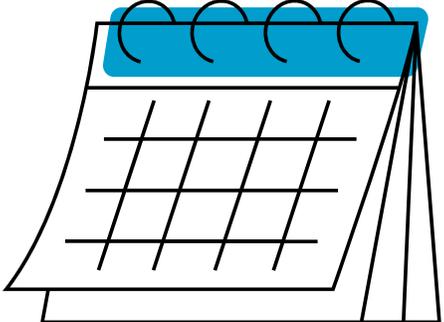

# Activities

**Interest groups**

**Networks**

**Upcoming activities**

# Next steps

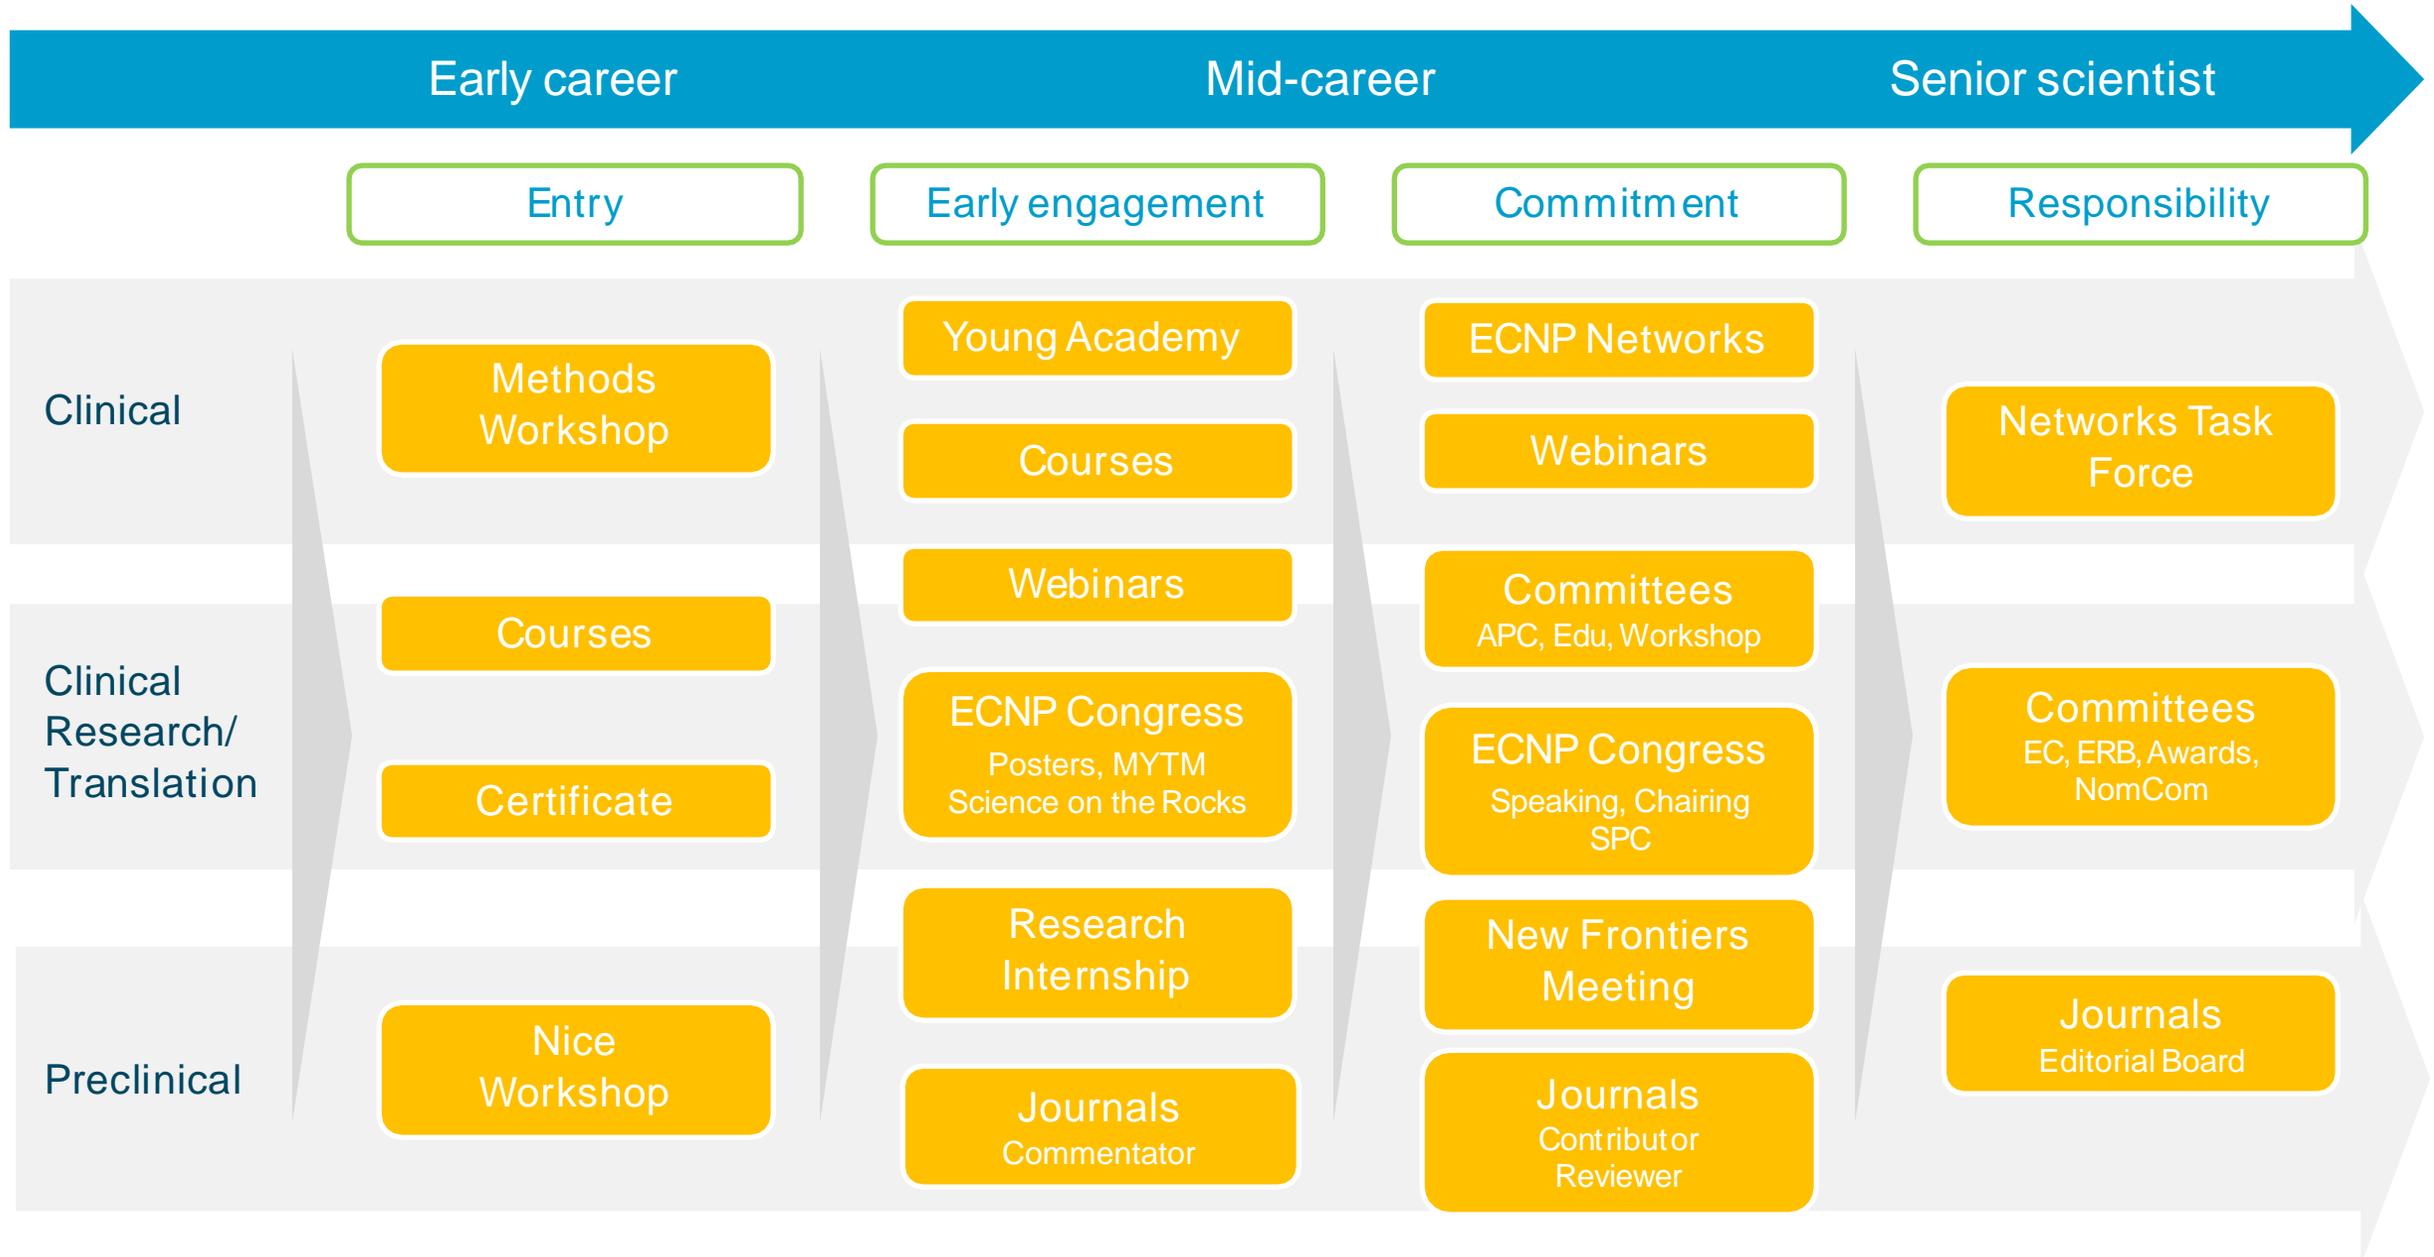

## ECA is now recruiting new members!

We would warmly like to invite early careers across the entire spectrum of research orientations to apply: pre-clinical, translational and clinical scientists are welcome!

[Apply by 9 February 2026 →](#)

# The ECNP trajectory

# ECNP Roadmap

A consensus-driven, biology-informed  
framework for mental disorders

Opening the way to new and better  
treatments

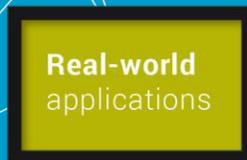

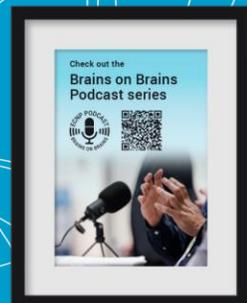

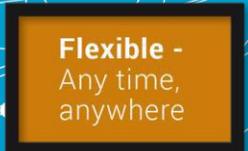

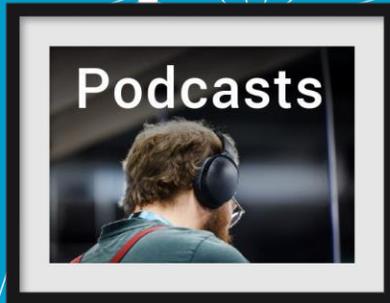

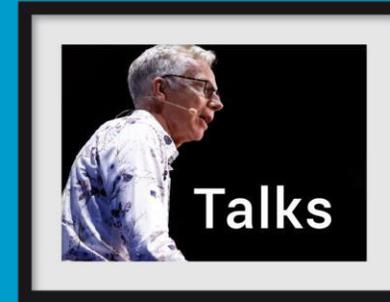

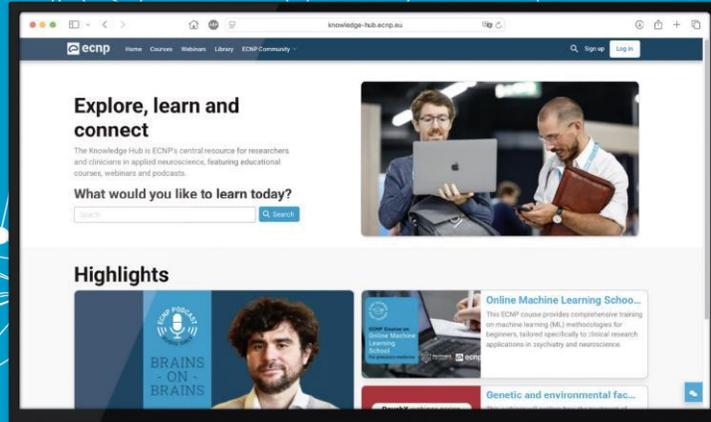

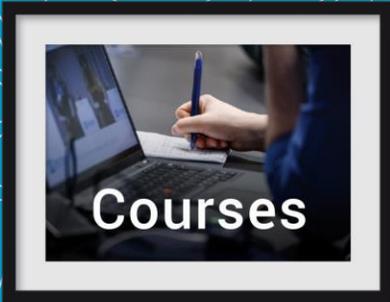

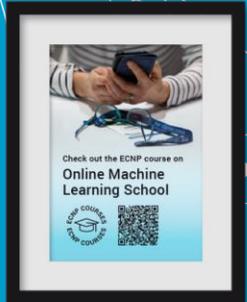

- ① Globally align on principles and procedures
- ② Build a consensus on the predictive validity of new data
- ③ Operationalise into a new diagnostic framework

Towards better outcomes through better classification

The right treatment for the right person at the right time

# ECNP Knowledge Hub

Explore. Learn. **Connect.**

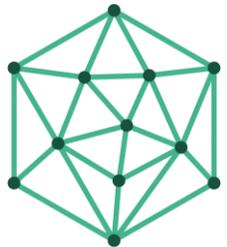

142 resources, including  
12 Courses, 46 Webinars  
24 Podcasts, 60 Talks  
4,600 monthly users  
from 88 countries  
11,000 monthly views  
Average rating: 9/10

# ECNP Networks

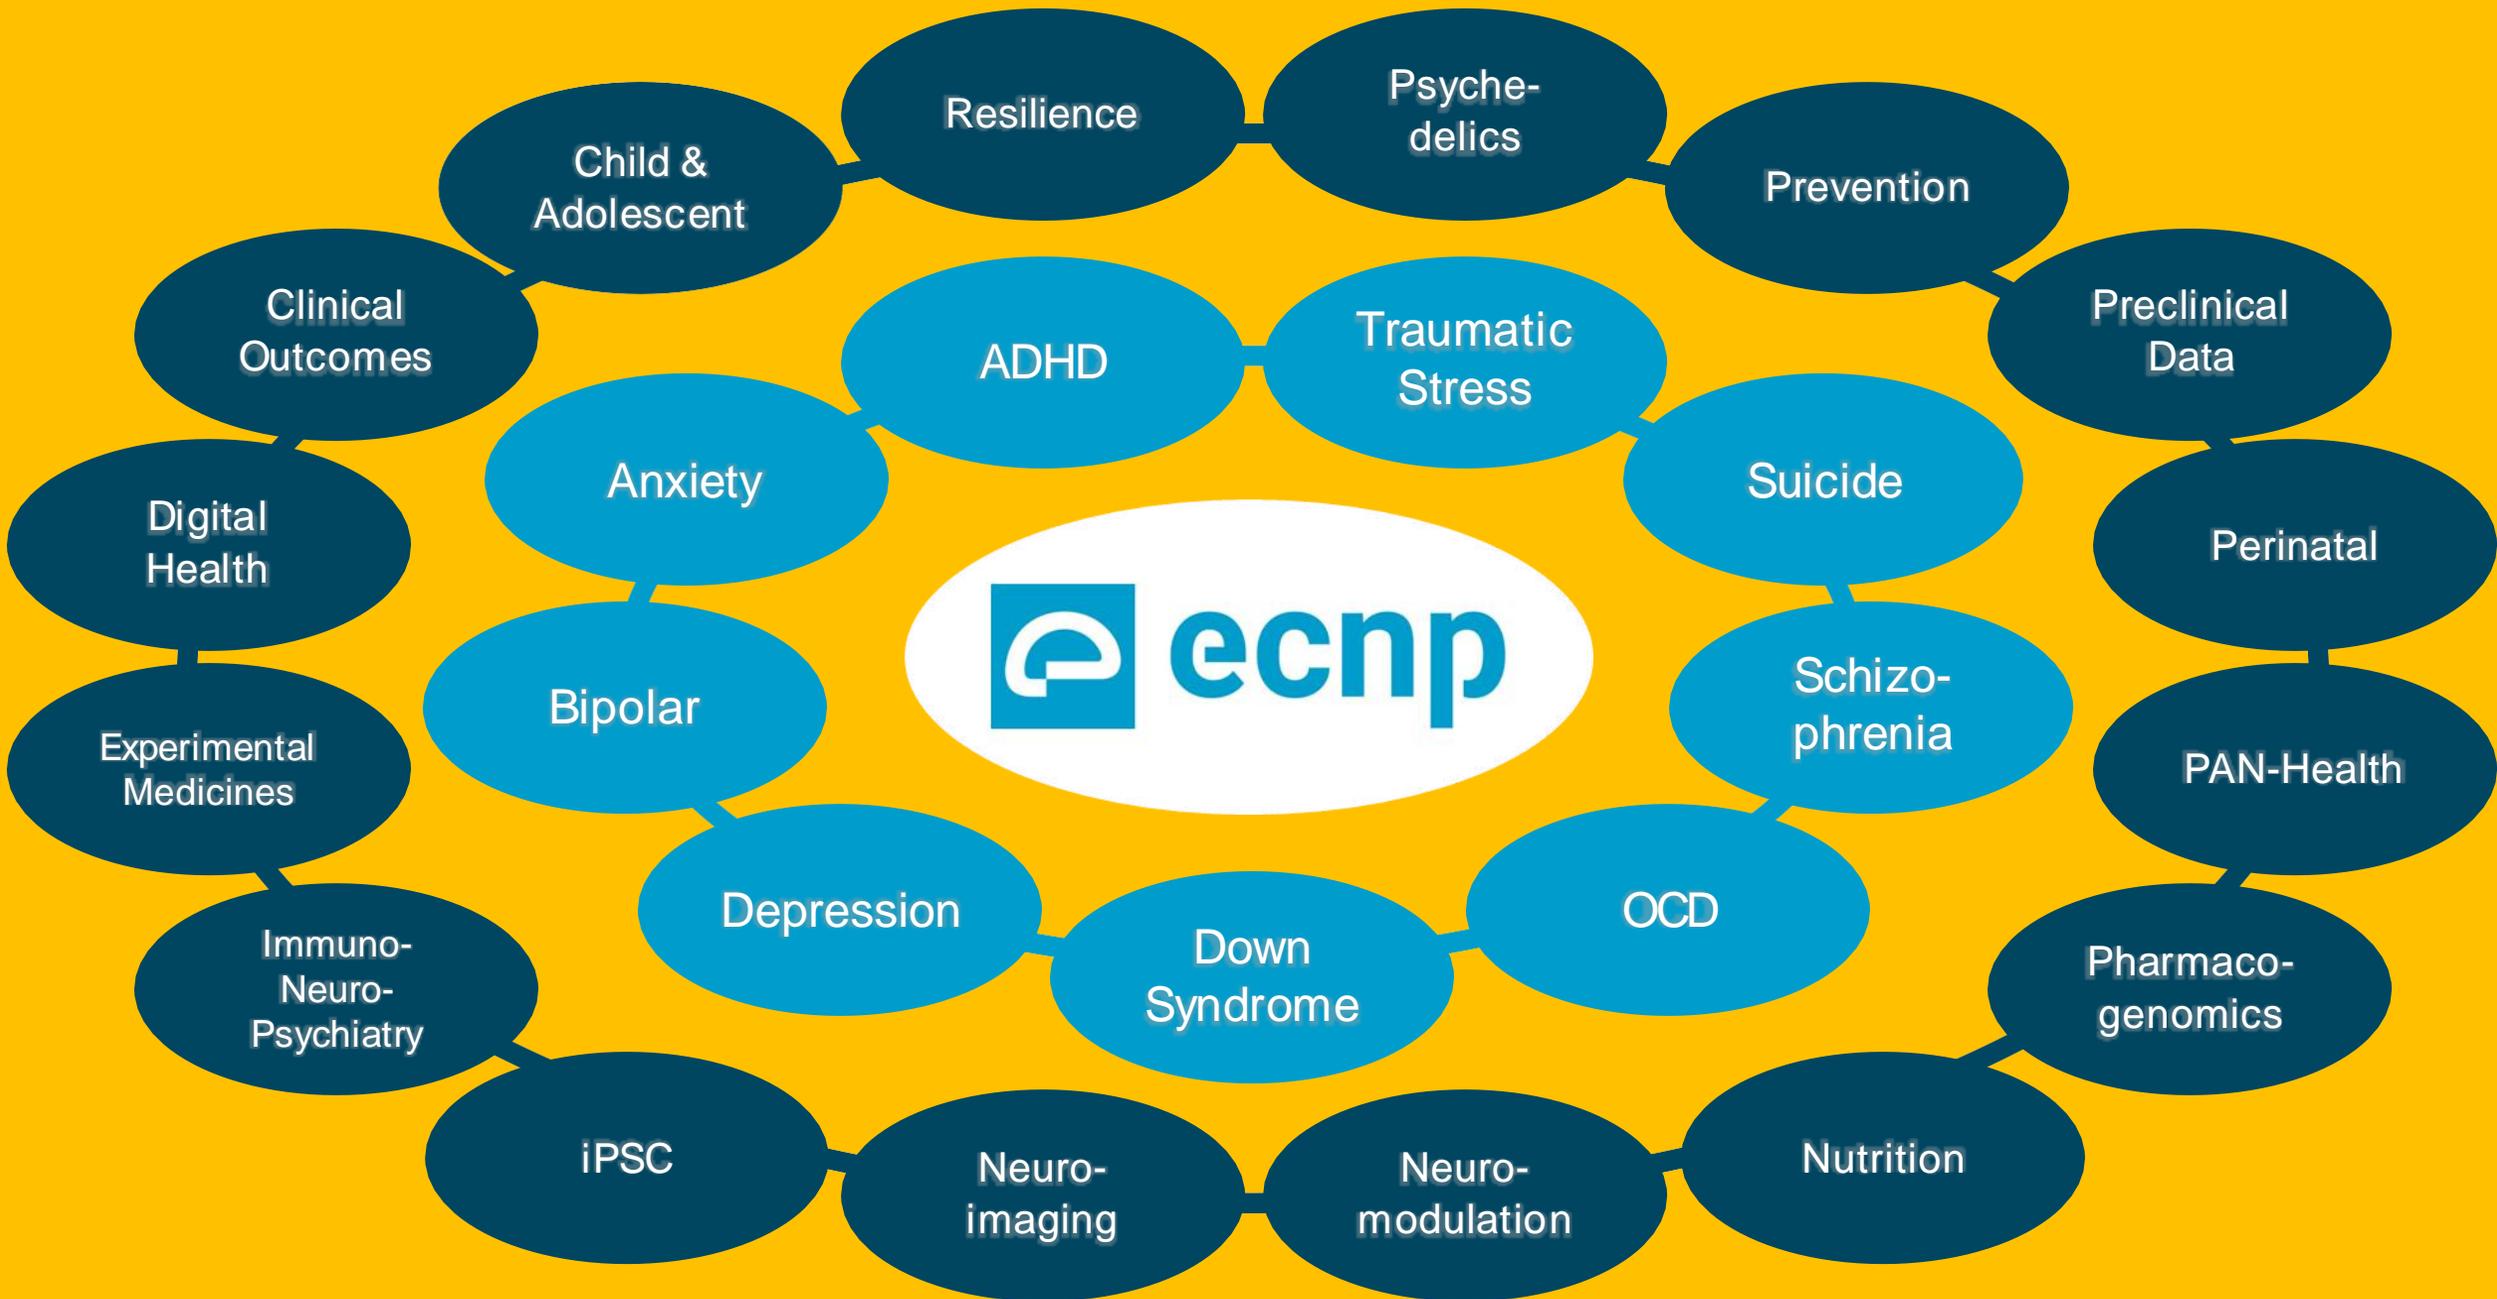

25 Networks

Open to all applicants
