

Invitation to support the ECNP Congresses

Europe's showcase for the future
of CNS treatments

About ECNP

 ECNP was founded to help turn discoveries in how the brain works into treatments that improve the lives of people suffering from disorders of the brain.

That bridge between basic science and real-world treatment remains fundamental to the ECNP mission, and is the central organising principle of the ECNP Congress.

Every year the ECNP Congress attracts more than 7,000 psychiatrists, neuroscientists, neurologists and psychologists **from 100 countries** around the world to share the latest developments in human mood, behaviour, cognition and emotion and their application to the treatment of brain disorders.

No other meeting in the world brings together so many researchers and clinicians across such a spectrum of brain research and clinical practice.

It is this breadth, and the reputation for scientific depth and excellence, that has made the ECNP Congress the premier showcase for new research, treatments and technologies in the CNS arena.

“A very important congress to improve and update on recent issues.”

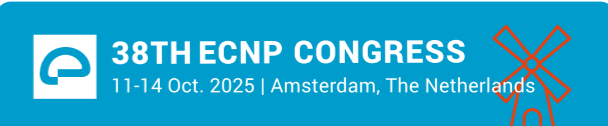

Partnering with industry

The ECNP Congress offers a host of ways for companies to engage with congress participants at both the scientific and educational levels.

We have a long history of productive relationships with industry and work hard to ensure our industrial partners have the opportunities and support to achieve their congress objectives.

Check out our partners of the past two congresses:

“Well organised informative congress allowing significant networking.”

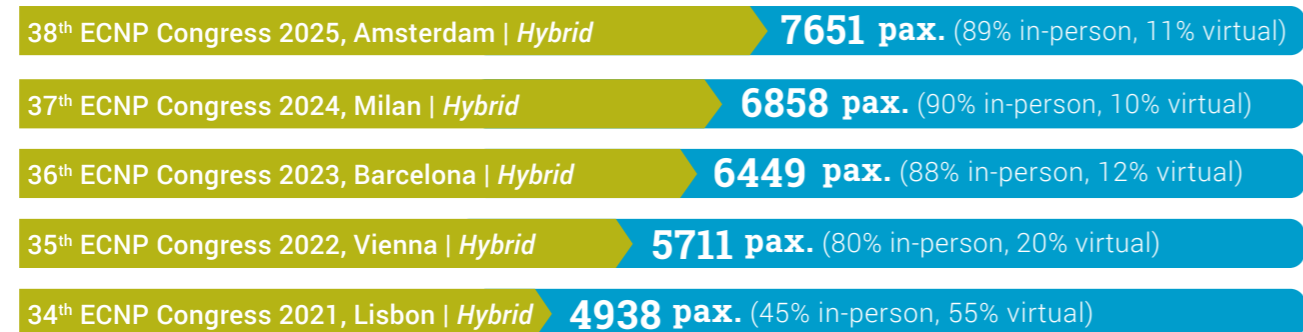

Our audience

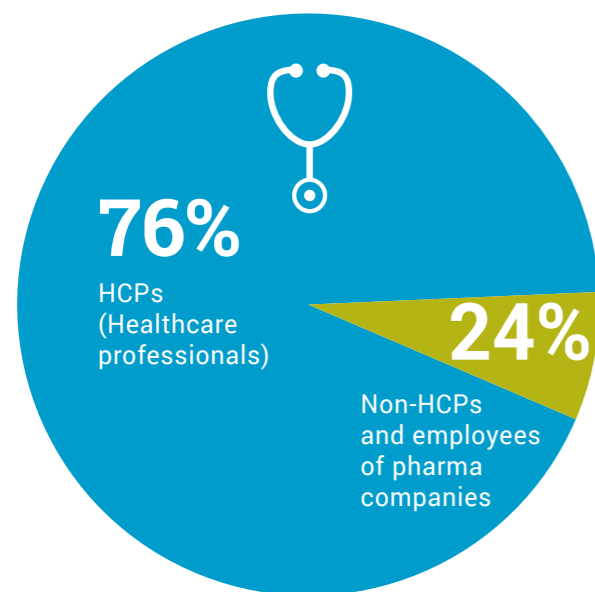

The ECNP Congress is Europe's leading forum for the exchange and dissemination of research on the brain and disorders of the brain, covering the breadth of applied and translational neuroscience.

The 7.600 psychiatrists, neuroscientists, neurologists and psychologists, as well as regulatory professionals, industry executives and patient representatives, that the ECNP Congress attracts every year gives it unparalleled scale and reach.

Participants' profile overview

Industry Sessions

Companies and organisations involved in clinical and pre-clinical research, diagnosis and treatment of disorders of the brain looking for scientifically driven engagement with the participants of the 39th ECNP Congress can apply for Industry Satellite Symposia, Industry Mini Sessions and Industry Interactive Discussions. The Industry Product Theatre and Industry Case Study are more commercially oriented and aim at offering opportunities to showcase products.

Educationally focused sessions

Anchoring new science

Industry Satellite Symposia (ISS)

The Industry Satellite Symposium programme is Europe's primary platform for presenting new industry science to the European CNS research and clinical communities.

- 80-minute scientifically oriented sessions
- Scheduled so as not to compete with scientific sessions – to give congress participants the maximum opportunity to attend
- Presented at the congress venue, livestreamed and available on-demand
- Featured in the ECNP app and on the ECNP Congress website

Sharing discoveries

Industry Mini Session (IMS)

These concentrated sessions offer an authoritative platform for new research and developments.

- 45-minute scientifically oriented sessions
- Scheduled so as not to compete with scientific sessions – to give congress participants the maximum opportunity to attend
- Presented at the congress venue, livestreamed and available on-demand
- Featured in the ECNP app and on the ECNP Congress website

Engaging with clinicians

Industry Interactive Discussion (IID)

These interactive sessions offer the opportunity for more focused, scientifically driven engagement with participants.

- 30-minute interactive sessions for about 80 participants
- Run in parallel with the official ECNP scientific programme
- Presented only at the congress venue
- Featured in the ECNP app and on the ECNP Congress website

Industry Sessions

Industry Sessions	Price (excl. VAT)
Industry Satellite Symposia (ISS)	€ 73,000
Industry Mini Session (IMS)	€ 50,500
Industry Product Theatre (IPT)	€ 32,000
Industry Case Study (ICS)	€ 32,000
Industry Interactive Discussion (IID)	€ 25,500

These prices include all associated costs, including the technical equipment present in the room for ECNP sessions.

All prices mentioned are only valid for the 39th ECNP Congress.

"The content of the presentations and the way it was communicated by the speakers was incredibly engaging and valuable!"

Product-oriented sessions

Showcasing products and ideas

Industry Product Theatre (IPT)

A high-value forum for industry partners to engage with participants on a broad range of issues, including new treatment approaches, medical devices, digital apps, the use of specific medications, clinical insights, innovative services and product demonstrations.

- 30-minute sessions for about 80 participants
- Run in parallel with the official ECNP scientific programme
- Presented at the congress venue, livestreamed and available on-demand
- Featured in the ECNP app and on the ECNP Congress website

Problem-solving with industry experts

Industry Case Study (ICS)

These interactive sessions provide participants with the opportunity to discuss the application of medicines, devices, and/or treatment strategies in real-world clinical settings. After a 6-7 minute introduction, the session focuses on clinical best practice and interactive problem-solving.

- 30-minute sessions with 1 or 2 experts
- For around 80 participants
- Run in parallel with the official ECNP scientific programme
- Presented only at the congress venue and not livestreamed
- Featured in the app and on the ECNP Congress website

The exhibition

The industrial exhibition, by allowing physicians to gain first-hand access to information and advice, is an integral part of the ECNP Congress's knowledge transfer purpose.
