Guidelines for abstract submission speakers
ECNP Workshop on Neuropsychopharmacology for Young Scientists in Europe,
7-10 March 2013, Nice, France

1. General considerations
Abstracts should be prepared according to the following instructions:

1.a General
- Abstracts must be submitted in English.

1.b Text
- The abstract should be about 1000 words.
- Abstracts must be written in Times New Roman, font size 10.
- The abstract should be a comprehensive summary of the lecture.
- Present actual data and/or describe potential implications.
- Please avoid phrases like “results on …. will be discussed”.
- After spacing between the lines type the text in single spacing.
- Only one table is allowed. It is not allowed to use figures or graphics.
- The use of underlined and italics is not permitted. Words that need emphasis should be bold type.
- Use standard abbreviations. Place unusual abbreviations in parentheses after the first time the full word appears.
- Clearly identify all used neuropsychopharmaceuticals. Standard abbreviations may be used for well-established neuropsychopharmaceuticals.

1.c References
- No more than three references to previous publications may be included. Please use the following example: [1] Chamberlain, S.R., Hampshire, A., Muller, U., Rubia, K., Del Campo, N., 2009. Atomoxetine modulates right inferior frontal activation during inhibitory control. A pharmacological functional magnetic resonance imaging study. Biol Psychiatry 65, 550-555.

1.d Keywords
- You are requested to select up to 3 key words from the list that represent the contents of your communication. The key words will be used to compose the subject index in a supplement to the journal European Neuropsychopharmacology.

1.e Authors
- Insert the author's name(s) and address(es) of the institution as indicated on the on-line form. Do not add: Prof, Dr, etc.
- State the name of the author who will present the lecture (first author).

2. Publication of abstracts
The abstracts will be reviewed for possible publication in the supplement to the journal European Neuropsychopharmacology. Abstracts will only be accepted for publication provided they adhere to the instructions above. Copyright to all data published in the journal European Neuropsychopharmacology resides with the European College of Neuropsychopharmacology / Elsevier Science B.V.
