Monday 9 October 2023, 08:30–10:00 CEST

ISS10, Room 112, Centro Convencions Internacional de Barcelona (CCIB), Barcelona, Spain and online

Roger McIntyre

Stavroula Bargiota

Andrea Fagiolini

Nina Schweinfurth-Keck

Agenda

Roger McIntyre, Canada (Chair)

Chair's welcome and introduction

Stavroula Bargiota, Greece

What are the challenges of anhedonia in MDD?

Q&A

Andrea Fagiolini, Italy

Anhedonia and emotional blunting: distinctions and implications for antidepressant treatment

Q&A

Nina Schweinfurth-Keck, Switzerland

Exploring the role of trauma in anhedonia in MDD

Discussion and Q&A

Join us for a CME-accredited Industry Satellite Symposium with our expert panel **Roger McIntyre**, **Stavroula Bargiota**, **Andrea Fagiolini** and **Nina Schweinfurth-Keck** who will discuss hot topics in the effective treatment of MDD. This Industry Satellite Symposium will explore the clinical significance of anhedonia in depression, its impact on treatment course and clinical management strategies. The topics of emotional blunting and trauma will also be discussed.
